ARROW BLUE

Pedestrian Warning Light

The Arrow Blue Light projects a large, bright arrow on the ground 10 to 20 feet away in front or in back of the lift truck. This not only alerts the pedestrian of a nearby lift truck, but also indicates to the pedestrian what direction the vehicle is moving in. This can be very useful particularly around blind corners or trailers.

Specifications:

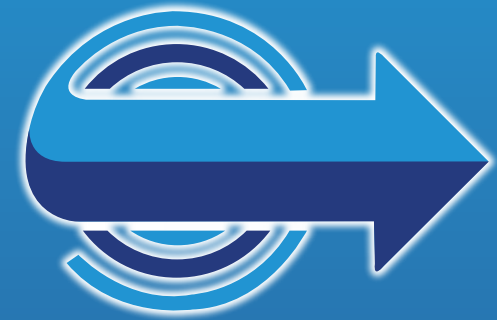

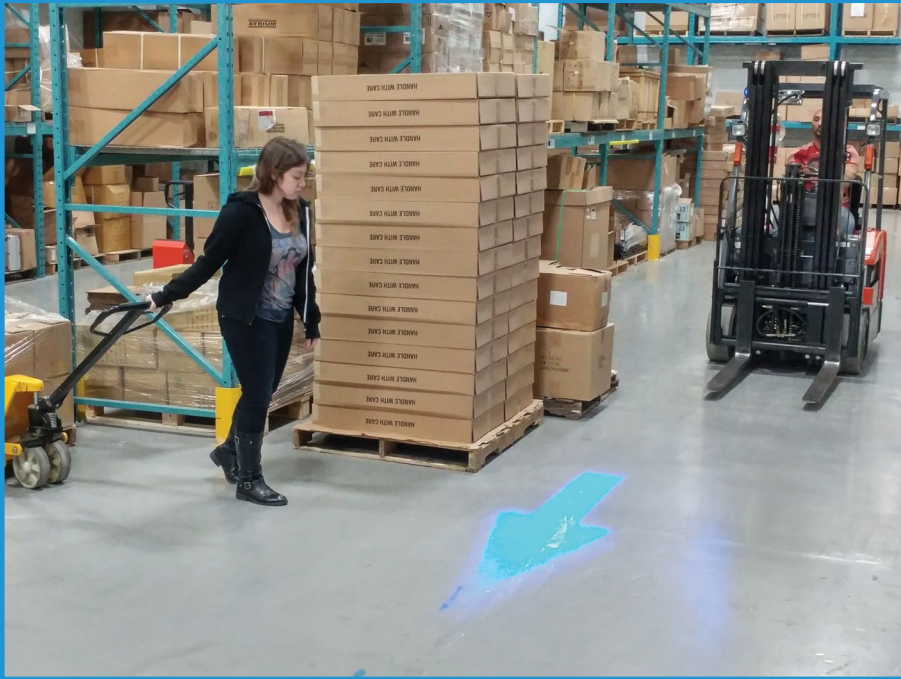

- 50,000hrs lifespan
- Operating Voltage: 12 - 60V
- Steel Mounting Bracket Included
- Lens: Polycarbonate
- 3 High-performance LEDs
- Operating temp: -30 - 50 C
- Aluminum Heatsink Housing
