BIG BLUE

PEDESTRIAN WARNING SPOT LIGHT

This unique “Big Blue” Pedestrian warning light shines a bright light 5 times larger than the conventional Blue Light. With 4 Phillips LED lights, it creates a Big Blue spot on the floor alerting pedestrians of oncoming forklift traffic. This is the only light on the market that comes complete with a mounting bracket for quick and easy installation.

Specifications:

- 50,000hrs lifespan
- Operating Voltage: 9 - 60V
- Steel Mounting Bracket Included
- Full protection from dirt & water
- IP Protection: IP 67K
- 4 High-performance LEDs
- Operating temp: -40 - 75 C
- Housing Cast Aluminium
